

Sweden Republicans provide excellent highway services

- No debt service for highway equipment, over 8 years
- Low tax rate for highway infrastructure - \$2.31
- Long range planning for road maintenance
- Excellent response time during snow/ice conditions

Highway Superintendent **Brian Ingraham** needs the support of the Sweden Town Board to continue to maintain and improve Sweden's 27 miles of roads and the additional 50 miles of state and county roads his crew plows. He strongly endorses the Republican team. Ask him!
