Smart, Strong Vision = Successful Sweden

What we have done...

- Largest public water expansion in Sweden's history
- Largest infrastructure project in Sweden's history
- Largest sidewalk installation in Sweden's history; 6,250 linear feet
- Expansion of parks and recreation for all; inclusive playground, splash pad, skatepark, accessible restrooms
- Navigated COVID safely with minimal impact on Town services
- Secured more than \$3,000,000 in grants in just the last 3 years
- Reduced the tax levy in 2021; adopted 2022 levy that is still lower than 2019 levy

What we will do...

- Continue to expand public water where residents want it and funding is available
- Continue to improve and maintain infrastructure
- Continue to make our community more walkable and accessible to all
- Continue to improve services offered across Town departments
- Continue to communicate broadly so that you know your Town government
- Continue to seek major grant funds to benefit our public facilities
- Continue to maintain excellent Town services at lowest cost possible
