

Bringing Public Water to the Town of Sweden

Lake Road/Redman Road/Countryview Terrace Water District

- Largest infrastructure project in Sweden's history
- \$2.4 million in grants residents do **not** have to pay back
- Low interest loan for remainder (2.15% maximum)
- Delivered on time and under budget

What is next?

- We are sending surveys to residents of the most likely potential districts
- We have met with a neighboring municipality regarding a joint project
- We are meeting monthly with our engineers to develop an updated expansion plan
- We are actively seeking federal funding sources to keep the cost to local property owners low
